

Resources For Abortion Services

In West Virginia

The **Women's Health Center Of West Virginia** is a non-profit health facility in Charleston that provides comprehensive reproductive health services, including abortion care. Counselors on staff can also discuss financial assistance. You can call 304-344-9834 or 800-642-8670 (toll free) or visit <https://womenshealthwv.org/>

The **WV Choice Fund** at Women's Health Center provides financial assistance to those who live in West Virginia and need help with abortion medical costs. You can call 800-642-8670 to request assistance, and it is also wise when making appointments to let Women's Health Center staff know you would like help.

A **judicial bypass** can be obtained if a minor wants to have an abortion and wishes to have a court grant them exemption from parental notification. They can contact WV FREE at 304-342-9188, and we will connect them with a team of pro-bono lawyers.

National Financial Assistance

The **National Network Of Abortion Funds (NNAF)** is an organization that can help you find ways to pay for an abortion. They have info on how to get support, as well as a list of every abortion fund in each state across the country, which you can find at <https://abortionfunds.org/need-abortion/#funds-list>

The **National Abortion Federation Hotline** can provide information and support for abortion that is factual, confidential, and non-judgmental; give referrals to quality providers and funding sources; and provide assistance for people in difficult situations. To receive financial assistance, call 1-800-772-9100 and be sure to stay on the line; the NAF has limited staff and receives many calls, so wait times can be long. You can also visit <https://prochoice.org/think-youre-pregnant/naf-hotline/>
